Constellation – Michael Fahrbach

The county has been buying gas from Constellation since 2014. Since the new jail is modeled after another jail, they will be able to contact them and see what the usage is that they use and project the use for the new jail. There are options for fixing the cost of the gas. It is at an all-time low right now and is a great time to lock in the cost. No decision has been made.

Commissioners - updates

A Jail meeting was scheduled for June 18, 2019 at 10am.

The sidewalks are going to have to be redone. They are in the process of getting a quote for all sidewalks around the courthouse, not just one or two sides. And they need to find out the protocol on the planters. If they need to stay and if the new concrete can be poured around them. There are a lot of things that need done around the courthouse. The prosecutor's office needs better air flow. It is cold in the winter and hot in the summer. A new unit might be necessary.

The chimney is still leaking. The boilers were put in the building in 1983. They need new controls. They are around \$12,000 each. They are doing research to see if it's best to get new controls or a new system.
