DEPARTMENT HEAD REPORTS**Highway – Jason Lewis**

Jason stated paving is done on Twin Lakes and Epperson Roads besides some shoulder and driveways. USI found a deficiency in one of our bridges. There is about a 5X5 foot void underneath that needs looked at but is not detrimental.

Kim Kalweit discussed a building workshop for single family residential and home ownership on Wednesday, July 16th. She is able to register anyone who would like to go.

Public Comment**Health Department Building Purchase**

Jeff Fishero discussed the details on the repairs to the crawl space that will be done by Indiana Foundations. They will capsulate, add dehumidifiers and sump pumps, and guarantee it for the life of the building. There will minimal ongoing fee for annual inspections done by Indiana Foundations for any repairs needed. Also adding a generator outside. They will also have battery back up for dehumidifiers and sump pumps. The purchase price was reduced by about \$50,000 to cover repairs. Seller still doing some gutter and exterior repair. We will need to do some digging to get the septic to the hookups.
